GIN AND VODKA

NORTHWEST SMALL BATCH GIN

Starts from the rich, malt-based spirit of our vodka, then is distilled again with juniper and nine other botanicals. Our gin is produced in a still designed specifically for the distillation of gin to capture top notes of flavor that would otherwise be elusive.

Bottle Price: \$38.95 (\$49.76 with tax)

NORTHWEST CASK FINISHED GIN

Our small batch gin recipe gets finished for more than 100 days in charred, new American Oak barrels. Finishing has softened the juniper, brought forward cinnamon, and added the essence of vanilla and caramel.

Bottle Price: \$44.95 (\$56.99 with tax)

COPPERWORKS PLUM GIN

We finished our Small Batch Gin in five charred, new American Oak casks for about 100 days. We then transferred the gin to stainless steel tanks to rest on pitted Italian Prune Plums from two local family farms.

Bottle Price: \$59.89 (\$75.00 with tax)

NORTHWEST WASHINGTON MALT VODKA

Distilled from a high-quality craft beer without hops. Bottled unfiltered, so the flavors of locally-grown barley are the highlight of this vodka.

Bottle Price: \$38.95 (\$49.76 with tax)
